

SAFETY POLICY

Huon

We are committed to the health and safety of all employees

This company will provide safe working places.

We will continuously train our employees in the safe ways to undertake their tasks and activities. We will provide necessary safety equipment. We will consult and cooperate with our employees to establish principles and safe practices for employees, subcontractors and all other site visitors.

Our employees will focus on attention to safety

as a responsibility to themselves, fellow workers, the public and the company, employees will observe safety procedures and rules, report potential hazards or risks, use safety equipment properly and report all incidents. Employees are entitled to decline work in conditions reasonably considered unsafe.

We will review and continuously improve our safety systems.

We will recognise requirements in WHS legislation and regulations and in recognised Codes of Practice and Standards (AS/NZS 4801) as applicable.

We will establish objectives and targets for project works and regularly review against performances achieved. We will take advice from our Work Health and Safety Committee. We will rehabilitate employees who may suffer injury despite our preventative measures.
